

A National Park at Fort Monroe

Or a Hampton redevelopment project?

THE FATE OF FORT MONROE IS IN YOUR HANDS.

CITIZENS FOR A FORT MONROE NATIONAL PARK

urges all Hampton Roads residents who care about the future of Fort Monroe to attend Hampton's public workshop at the

Hampton Convention Center

(next to Hampton Coliseum)

Saturday, July 22, 2006 ■ 9:00am to 2:00pm.

Everyone is welcome, from in or out of Hampton, to stay one hour or five.

Citizens for a Fort Monroe National Park believes that Fort Monroe should not be regarded as an "economic engine" for Hampton. Fort Monroe is an icon and a precious symbol for the entire nation. The **July 22 workshop** offers citizens the opportunity to express their desire for a national park preserving for all time Fort Monroe's deep historical significance, and maintaining for public use its green spaces, seawall walk, and beaches. Designation as a national park by Congress will secure the future of this national treasure and strengthen Hampton's economy and that of the region.

For more information about **OUR VISION OF A NATIONAL PARK AT FORT MONROE** and about the Hampton planning process, see the website of **Citizens for a Fort Monroe National Park (CFMNP.org)**.
